## Secure, fast, and efficient: improve the digitalization of your business processes with the eIDAS tools

Handling transactions with public authorities, managing contracts and online identification – the digitalization of operational procedures and business processes is more important than ever! The eIDAS Summit is Germany's leading conference on the practical application of digital trust and identity in business. On the 15th of June 2021, you will have the opportunity to listen to influential speakers and to network digitally with eIDAS experts, decision-makers, and solution architects. Experience best-practice presentations, interactive workshops, and exciting keynotes. Get inspired at [#eidas21](https://twitter.com/eidas21) and advance your business with new approaches to digitalization.

We are looking forward to welcoming you at the eIDAS Summit 2021!

### Topics

Digital identities

Secure digitalization

E-Government

## Take Action & Become a Partner

The eIDAS Summit 2021 provides an outstanding and unrivaled opportunity for businesses to showcase their expertise in the field. Step into the spotlight and present your innovative company, products, and services to an exclusive, international audience. Interested in becoming a partner? If you would like to get involved in the [#eIDAS21](https://twitter.com/eidas21), please contact Ricarda-Selina Reichert for more information.
